Dear Performing Arts Traveler,

As you know, due to COVID-19, both the Lawrence Township Performing Arts and Lawrence Central Show Choirs trips to Orlando, Florida have been cancelled. The performing arts staff at both schools are in close communication with Music Travel Consultants (MTC) regarding our next steps forward. Although postponing the trip has been discussed, the uncertainty of future travel is such that we cannot confidently predict a time when that trip would take place. We have therefore instructed MTC to process our cancellation of these trips without plans to reschedule.

MTC's ability to fully refund all monies paid toward the trip is currently being investigated. Though much of the refunds sought are out of the control of MTC and more in control of the subcontracted vendors and Disney, we are doing all we can to get the maximum refund possible.

If your trip was subsidized, the subsidy amounts will go back to your respective booster organization to be returned or used for other booster needs as determined by the specific donor. If you still have an outstanding balance due your respective booster organization, we encourage you to allocate an appropriate amount of your refund towards that balance.

We anticipate this process will take a bit of time due to the unprecedented nature of the events that led to our situation. Your patience will be greatly appreciated.

Thank you so much for your support in these very difficult times.

Sincerely,

A handwritten signature in black ink, appearing to read "Connor Vaughn", is written over a faint circular stamp.

Connor Vaughn
